

College Insurance Program

Eligibility

To be eligible to participate in the College Insurance Program (CIP), members:

- Must be receiving a monthly benefit from SURS, and
- Must have been a full-time employee eligible for group health benefits while employed at an Illinois community college district.

The College Insurance Program includes health, vision, dental, and prescription insurance.

Rates

The Department of Central Management Services (CMS) determines the cost of this insurance. SURS has no information regarding the future costs for CIP insurance.

Value of Benefit

CMS estimates the value of a retiree's CIP coverage over their lifetime is approximately \$160,000 (this assumes retirement at age 65 and one dependent). If you meet eligibility requirements and do not take a lifetime monthly benefit, you will give up the opportunity to participate in this insurance program.

Monthly Contributions

The College Insurance Program (CIP) shares the cost of health coverage with you. While CIP covers the majority of the cost, you must make monthly contributions based upon the health plan you select.
