

## Disability Reevaluation Orders Discontinued Until June 1

**Posted:**

April 23, 2020

The COVID-19 pandemic is making it difficult for disability benefit (DB) and disability retirement annuity (DRA) recipients to see their physicians for required reevaluation appointments. As a result, effective April 1, 2020, SURS will discontinue issuing medical reevaluation requests to our DB and DRA recipients until June 1, 2020.

**SURS will NOT be suspending monthly benefits for non-compliance of outstanding medical reevaluations and/or requests for medical records.**

We will reevaluate the situation prior to June 1, 2020, and will inform affected members of any updates via our website and by email.
