## PROOF OF PLAN QUALIFICATION AND TAXABILITY

**Plan qualification:** Your rollover contribution to the SURS Deferred Compensation Plan must be from another qualified plan or IRA. The SURS Deferred Compensation Plan accepts rollover contributions from a 401(k) plan, 403(b) plan, 457(b) governmental plan, profit sharing plan, defined benefit plan or Rollover IRA. If you choose to rollover an eligible plan payment that was paid to you, it will be treated as an indirect rollover which must be completed within 60 days after you received the payment.

Important note regarding the 60-day rollovers: If a portion of the rollover is attributable to a qualified plan loan offset amount, then the deadline for rolling over that loan offset amount is the due date (including extensions) for filing the Federal income tax return for the tax year in which the plan loan offset occurs. A "qualified plan loan offset amount" is the amount by which an employee's account balance under the plan is reduced to repay a loan from the plan, and is treated as distributed from a 401(a)-qualified plan, a 403(b) plan, or a governmental 457(b) plan solely by reason of a) the termination of the plan, or b) failure to meet the repayment terms of the loan because of the employee's separation from service (whether due to layoff, cessation of business, termination of employment, or otherwise).

**Note:** If you are directly rolling over Roth money, we must receive cost basis and the Roth account's start date directly from your prior record keeper. Please include a copy of your rollover distribution statement from your former plan PLUS documentation providing the start date and total amount of your Roth contributions.

Taxability: You must provide documentation that details the taxability of the funds to be rolled over indicating: pre-tax, Roth.

You may need to contact your former employer, plan administrator, or financial institution to provide you with this information which must accompany this application and rollover check.
